

Construction impacts in your area

UGI Utilities, Inc. will begin an initial environmental investigation of the site of the former Middletown Manufactured Gas Plant (MGP) located at 520 South Wood Street, Middletown, PA, 17057. Work is anticipated to begin as early as September 14, 2020 and continue through October 2020. Please note that this schedule is subject to change.

Work will take place Monday through Friday from 7 a.m. to 5 p.m.

What to expect during the cleanup and construction process?

- Along South Wood Street, between Keystone Avenue and State Street:
 - Periodic, partial or full lane closures next to the work area
 - Parking restrictions next to the work area
 - Sidewalk closures along the east side of South Wood Street
- Along Keystone Avenue, between South Wood Street and Swar Avenue:
 - Periodic, partial or full lane closures next to the work area
 - Parking restrictions next to the work area
 - Sidewalk closures along the south side of Keystone Avenue
- Construction crews
- Construction equipment
- Trucks hauling materials to and from the site
- Storage boxes and trailers stored on the street
- Noise
- Dust
- Vibration

UGI will take measures to reduce construction impacts in your area. UGI will restore work areas to meet or exceeds the current conditions at the site.

This work is being performed to investigate and cleanup the potential impacts of the former Middletown MGP site. As an environmentally responsible company, UGI is committed to addressing the potential impact of the former Middletown MGP site in accordance with a cooperative Consent Order and Agreement (COA) with the Pennsylvania Department of Environmental Protection (PADEP).

Contact Us

During this work, if you have questions or need additional information, please contact Jeena Sheppard with GEI, the UGI representative for the work at this site, at (856) 291-5663 or jsheppard@geiconsultants.com. You may also contact the UGI MGP Program voicemail at (833) 438-3380 or email at UGIMGP@ugi.com.
