

MIDDLETOWN VOLUNTEER FIRE DEPARTMENT BUSINESS OUTREACH

The Middletown Volunteer Fire Department is thrilled to announce our partnership with local businesses as part of a fundraising initiative for our beloved fire department. This endeavor goes beyond mere fundraising; it creates a vibrant partnership with our local businesses, fostering a sense of unity in our community. Together, we aim not only to raise essential funds that support our operations and services but also to strengthen the bonds that tie us all together. Throughout the year, we will be hosting a series of events designed to bring our community together while supporting our local businesses. We encourage each and every one of you to join us at these events, share in the festivities, and show your support for both the fire department and the businesses that make Middletown thrive. Together, let's make this a rewarding experience for the Middletown community. Thank you!
